## 2021 Alabama Ladies Spring Two-Person Scramble

Ross Bridge, Birmingham, AL

### NOTICE TO COMPETITORS

The Rules of Golf as approved by the USGA and R&A effective January 1, 2019 and the local rules on both sides of this sheet govern play at this AGA Championship. Disregard local rules printed on the club scorecard.

### FORMAT

Conducted at 18 holes of Scramble Stroke Play. Each partner of a side will start the play of each hole and then select one shot from the side and should mark the location. Each partner of the side plays their next stroke from within one club length of the selected location, no nearer the hole. This procedure is followed on every shot until a ball is holed.

- If the selected location is within a bunker or penalty area, all strokes by the side must be made from within the same bunker or penalty area, unless relief is taken under an applicable Rule.
- If the selected location is in the general area, the side may not use the one-club length allowance to place a ball on the putting green.
- If the selected location is in a bunker, players may smooth sand and soil without restriction in the area in which a ball is to be placed.
- A player may tap-in short putts prior to her partner playing from the previous location for the purpose of saving time.

### RELIEF PROCEDURES

When the ball is in a position that either member of the side is entitled to relief, or the ball may be dropped in accordance with a Rule that provides penalized relief (i.e. Rule 17, Penalty Areas), if relief is taken it must be taken for all partners of the side. If the selected ball is in a position that is not entitled to relief, the side is not entitled to relief even if a ball put in play within one-club length would be entitled to relief.

### PRIZES

There will be two flights within the Ladies Amateur Division. In each flight, prizes and merchandise payout will be awarded to sides for the low gross, low net, and runner-ups in both. Any ties for awards in both gross and net will be determined by a score card playoff using the USGA recommended tie-breaker method.
