AGA BY-LAWS

BY-LAWS
of
ALABAMA GOLF ASSOCIATION

ARTICLE I
MEMBERSHIP

Section 1. Membership in the Association shall be open to any “golf club” composed of bona fide residents of the State of Alabama, whether or not incorporated. A “golf club” shall be an organization of at least 10 individual members which operates under by-laws with committees appointed to supervise golf activities and to maintain the integrity of the USGA Handicap System. Its members must have a reasonable and regular opportunity to play golf with each other and be able personally to return scores or scorecards for posting. An organization of amateur golfers at a public golf course is considered a golf club, provided that it satisfies the conditions stated in this paragraph.

Section 2. The Association shall be composed of the following classes of members:

(a) Member Clubs. A Member Club shall be any golf club as defined in Section 1 above which provides to its individual members the handicap service offered by the Association.

(b) Individual Members. Individual Members shall consist of all members of Member Clubs who are active on the roster of the handicap service referenced in Paragraph (a) above. Member Clubs and Individual Members shall be entitled to all privileges and services offered by the Association.

Section 3. Applications for membership shall be made in writing to the Secretary of the Association on such form as required, accompanied by such information as that Officer deems necessary for the Directors to have before passing on the application. No Member Club shall be admitted to membership in the Association without being first approved by a majority vote of the Directors constituting a quorum at a regular or special meeting of the Board of Directors or of a committee thereof authorized by the Board.

Section 4. The acceptance of membership in the Association shall bind each member to abide by the Articles of Incorporation, the By-laws and the rules and

regulations of the Association and to accept and enforce all decisions which the Board of Directors is authorized to make relating to the affairs of the Association.

Section 5. Any Member Club of the Association may be suspended or expelled upon a majority vote of the Directors for non-payment of dues and fees or for any other reason satisfactory to a majority of said Board of Directors. No Member Club shall be suspended or expelled without due notice, with formal charges, and an opportunity to be heard in its own defense.

Section 6. On ceasing to be a member of the Association, any member shall no longer be interested in, or have any interest of any kind whatsoever in any of the property of the Association.

Section 7. The amount of annual dues and initiation fee and other fees for any of the members shall be as established from time to time by the Board of Directors. Annual Dues for all classes of membership shall be payable immediately upon receipt of any invoices for same.

Section 8. Membership shall be automatically continuous unless interrupted by written resignation or expulsion. Members shall be liable for all dues and fees accruing to the date of such resignation or resignation or expulsion.

ARTICLE II

MEETINGS OF THE MEMBERSHIP

Section 1. The annual meeting of the membership of the Association, as well as any special meeting thereof, shall be held at such times and places as are fixed by the Directors of the Association. In addition, special meetings of the membership may be held by petition of at least seven Member Clubs of the association.
