

## *Southern Golf Association*

round of 67 and a winning margin of 8 strokes over the second place finisher Scott Sterling.

Justin Leonard is well known by the Southern Golf Association. He was the winner of the Southern Junior Amateur Championship in 1988 and a repeat winner in 1989. In 1989 at age 17 he finished in a tie for 22nd place in the Southern Amateur Championship and in 1990 he finished in a tie for 4th place. In the 1991 Southern Amateur Championship he finished in 5th place.

The Sam Perry Medalist Trophy, awarded to the low scorer for the first 36 holes of play was also won by Justin Leonard.

The Bob Jones Trophy is awarded annually to each member of the low team consisting of the four low players from the same state, based on the first 36 holes of play. The state of Texas was the 1992 winner with a total team score of 553. The score was the result of performance by Justin Leonard, Dallas at 135; Scott Sterling of Orange at 132; Iain Alexander of Richmond at 139 and Brian McMyler of Plano at 141.

The Oak Tree Country Club is a truly an outstanding facility and although there is no question that the course proved to be a difficult challenge, the excellent playing conditions presented a delightful and interesting experience to the very talented field of contestants.

The cooperation and assistance received from Hugh Edgmon, Director of Golf; Charlie Duty, Club Manager; Stall Ball, Golf Professional; Bud Best, Golf Course Superintendent — and their respective staffs — was outstanding and contributed much to the tremendous success of the 86th Southern Amateur Championship.
