TO: 2017 U.S. Junior Amateur Championship Sectional Qualifying Contestants at Birmingham, AL
FROM: Brian Scheufler, Alabama Golf Association
DATE: January 1, 2017
TOPIC: Country Club of Birmingham (West Course), Birmingham, AL Qualifying Contestant Information

Please review the following information for the U.S. Junior Amateur Championship Sectional Qualifier on June 14, 2017 at The Country Club of Birmingham in Birmingham, AL. Remember that we are guests of the club and we need to conduct ourselves in a proper manner. Call me at 205-979-1234 or email: brian@alabamagolf.org if you have any questions.

New Grooves Rule Condition of Competition in Effect for U.S. Junior Amateur Contestants

In Sectional Qualifying and in the Championship proper, the player's clubs must conform to the groove specifications in the Rules of Golf that are effective from January 1, 2010. The condition of competition is available for review on the U.S. Junior Amateur Championship entry application. The USGA and R&A have created a reference resource called the Informational Club Database to assist golfers in determining whether their irons, hybrids and fairway woods comply with the New Grooves Rule Specifications. For information about and to access the database, please use the following link: <http://www.usga.org/InfoClubsDB/intro.html>

*Penalty for Carrying, But Not Making Stroke with, Club or Clubs in Breach of Condition: Two strokes for each hole at which any breach occurred; maximum penalty per round – Four strokes.

*Penalty for Making Stroke with Club in Breach of Condition: Disqualification

Distance Measuring Devices

In Sectional qualifying and in the Championship proper, a player may obtain distance information by use of a distance-measuring device. If, during a stipulated round, a player uses a distance-measuring device to gauge or measure other conditions that might affect his play (e.g., elevation changes, wind speed, etc.), the player is in breach of Rule 14-3. For more information, visit www.usga.org/dmd.

Accidental Movement of a Ball on the Putting Green

When a player's ball lies on the putting green, there is no penalty if the ball or ball-marker is accidentally moved by the player, his partner, his opponent, or any of their caddies or equipment. The moved ball or ball-marker must be replaced. **Note:** If it is determined that a player's ball on the putting green was moved as a result of wind, water or some other natural cause such as the effects of gravity, the ball must be played as it lies from its new location. A ball-marker moved in such circumstances is replaced.

Transportation (Players and Caddies Required to Walk)

Players and caddies must not ride on any form of transportation during a stipulated round unless authorized by the Committee. The optional condition prescribed in Appendix I of The Rules of Golf will be in effect. Players may carry their own bag during the qualifying round or provide their own caddie.

Pull-carts are allowed.

Caddies

A player may provide his own caddie. Caddies will **NOT** be available at Country Club of Birmingham.

Exception: A player may **NOT** use a parent, step parent, or guardian as a caddie during Sectional Qualifying or the Championship proper.

Pace of Play Policy

A group that is out of position will be advised of the situation and the individuals may be timed. Your AGA issued score card will have the acceptable pace of play per hole printed on it.

- Any competitor who is discovered taking more than 40 seconds to play a stroke is subject to a warning for slow play and will be advised of the fact.
- The competitor will be notified that exceeding 40 seconds on one more occasion will result in a penalty of one stroke in stroke play or loss of hole in match play. A third violation will result in a two stroke penalty in stroke play or loss of hole in match play, followed by disqualification for a fourth violation.
- A warning is any notice given to a competitor regarding pace of play.
- A competitor's time to play begins when the competitor has had a reasonable opportunity to reach his or her ball and when it is the competitor's turn to play and can do so without interference or distraction. Penalties are applied individually, but more than one competitor in a group may be penalized.
- In general, competitors in a group are subject to being timed at any time but specifically when the group is deemed to be out of position and over the allotted pace of play guidelines.

Note that a group that is out of position at any time may be asked to close the gap regardless of pace of play guidelines. A group is out of position if they are over their maximum acceptable pace of play and more than 15 minutes behind the group ahead of them. The first group off either side is out of position if they are over their maximum acceptable pace of play.

Hydration Awareness

If there is a medical emergency, please find someone with a radio or call 911.

SUGGESTIONS TO STAY HYDRATED DURING PLAY

GENERAL PRECAUTIONS

- Players and Spectators should be prepared to protect themselves from the heat. Players and spectators should bring umbrellas, nutritional snacks, sunscreen, light colored clothing, hats, etc.
- If you experience weakness, headache, trouble concentrating, nausea, muscle cramping or other symptoms in the heat, seek medical attention immediately.

BEFORE THE START OF ACTIVITY

- It's important to make sure you're well hydrated during the few days leading up to your long activity day.
- An hour before you start your activity, try to drink about 16 ounces of water or other non-caffeinated fluid.
- Staying hydrated is critical to your performance and, more importantly, for preventing heat-related illnesses. Dehydration in athletes may lead to fatigue, headaches, decreased coordination, and muscle cramping. Other heat-related illnesses, such as heat exhaustion and heatstroke, have even more serious consequences. Athletes need to pay attention to what and how much you are drinking before, during and after activity.
- Make sure you're hydrated before you start your golf game, you should drink another 4 to 8 ounces right before you start.

DURING THE ACTIVITY

- A general rule of thumb for fluid consumption during your golf game: You should take in 4 to 6 ounces of fluid every 20 minutes during your physical activity.
- Some of your fluid intake should include a sports drink to replace lost sodium and other minerals (electrolytes). The carbohydrates and electrolytes in the sports drink also can help you absorb the fluids faster.

Pre-hydrate yourself before, hydrate during, and after your golf game!

WHAT TO EAT BEFORE A ROUND OF GOLF

- Eat lightly in the two hours leading up to tee time. Food in your digestive system diverts blood away from your brain and muscles, affecting concentration and physical performance. A meal approximately 1 ½ to 2 hours prior to play is ideal.
- Eat high quality complex carbohydrates, keep protein and fat intakes moderate since these slow down digestion. Eat slow and chew well.
- Drink pure water to adequately hydrate. Also fresh fruits are great source of nutrition as well hydration source. However, never drastically alter your normal eating patterns prior to competition.

WHAT TO EAT DURING A ROUND OF GOLF

- Take a mix of dried fruit and nuts. Eat just small amounts throughout the round to keep energy and concentration levels regulated. Organic nutrition bars are a convenient snack that can help keep blood sugar levels steady. Avoid the high glycemic varieties.
- Sip water regularly, especially on hot days where you sweat more.

WHAT TO EAT AFTER A ROUND OF GOLF

- Consume a combination of protein and carbohydrate-rich foods and drinks as soon as possible after your round to replenish glycogen stores and replace fluids that have been lost.
- Replace potassium or sodium that has been lost during competition by using foods. Fruits and vegetables are excellent sources of potassium.
