Automotive Transportation (One-Seat Policy)

The player or the player's caddie may ride in a golf cart during a stipulated round, but both may not ride at the same time (cart fees are \$30 per player). Additionally, the AGA reserves the right to limit or suspend the use of golf carts due to inclement weather, unsafe use of the golf cart or circumstances where use of the golf cart would present a hazard to others, the course officials, the golf course or for other unforeseen circumstances.

If the player's caddie has a disability and the caddie would like to ride in a golf cart throughout the stipulated round in addition to the player, consistent with the Americans with Disabilities Act (ADA), a disabled caddie may be permitted to use of a golf cart as an accommodation to his or her disability. As required by the ADA, the USGA will evaluate such requests on a case-by-case basis. To evaluate such requests, submission of the Golf Cart Request Form for the caddie is required (as well as additional important information for first time and subsequent requests for a golf cart).

The Golf Cart Request Form and additional information are available at the following link: <https://champs.usga.org/index.html>.

If two players in a group request a golf cart, only one cart will be distributed to that group. If three players request a golf cart, two carts will be distributed.

Caddies

A player may provide his own caddie. Caddies will NOT be available at Lakewood. Players may carry their own bag during the qualifying round. **Pull-carts are allowed.**

Pace of Play Policy

A group that is out of position will be advised of the situation and the individuals may be timed. Your AGA issued score card will have the acceptable pace of play per hole printed on it.

- Any competitor who is discovered taking more than 40 seconds to play a stroke is subject to a warning for slow play and will be advised of the fact.
- The competitor will be notified that exceeding 40 seconds on one more occasion will result in a penalty of one stroke in stroke play or loss of hole in match play. A third violation will result in a two stroke penalty in stroke play or loss of hole in match play, followed by disqualification for a fourth violation.
- A warning is any notice given to a competitor regarding pace of play.
- A competitor's time to play begins when the competitor has had a reasonable opportunity to reach his or her ball and when it is the competitor's turn to play and can do so without interference or distraction. Penalties are applied individually, but more than one competitor in a group may be penalized.
- In general, competitors in a group are subject to being timed at any time but specifically when the group is deemed to be out of position and over the allotted pace of play guidelines.

Note that a group that is out of position at any time may be asked to close the gap regardless of pace of play guidelines. A group is out of position if they are over their maximum acceptable pace of play and more than 15 minutes behind the group ahead of them. The first group off either side is out of position if they are over their maximum acceptable pace of play.
